Pilgrims on the Journey

Inquiry Begins This Week

All sessions are held on Thursdays from 6:00 -8:00 pm at the St. Joseph Faith Formation Center.

Schedule of topics:

October 12 -Introduction to RCIA & Faith

To register for sessions or for more information call Penny at 743-2062. This is offered by the Adult Faith Formation Program.

America Needs Fatima

On October 13, 1917, our Lady performed a miracle witnessed by 70,000 people. On this 100th anniversary of the Miracle at Fatima, you are invited to Martin Park on **Friday, October 13th, 2017, at 12:00 noon** to publicly join in the recitation of the Rosary. Large scale public Rosaries have saved countries in the past. Let us come together in peace to pray for America.

Movies with a Message

“Miracles from Heaven” (Rated PG)

Sunday, October 15, 6:30 pm

St. Joseph Faith Formation Center

When Christy Beam discovers her 10-year-old daughter Anna has a rare, incurable disease, she becomes a ferocious advocate for her daughter's healing as she searches for a solution. After Anna has a freak accident, an extraordinary miracle unfolds in the wake of her dramatic rescue that leaves medical specialists mystified, her family restored and their community inspired. Based on a true story.

“Why Loved Ones Leave the Church”

Presented by Very Reverend John Girotti

Fr. John Girotti explores the reasons why family members, relatives and friends drift away from the regular practice of the Catholic faith. He will unpack methods on how Catholics can share the faith with others and inspire them to be intentional participants of the Eucharistic celebration.

Stella Maris Parish – Fish Creek

Monday, November 6, 2017

3:00-4:30 PM followed by light soup supper

To register call 868-3241.

If anyone is interested in carpooling from St. Joseph call Penny at 743-2062.

Christmas Cards

Five years ago, we had a hole in the roof of our Christmas crèche and a Holy Family that didn't match. Today, a refurbished crèche, sheep, donkey, ox, wise men, shepherd, angel and Baby Jesus welcome us as we journey through the Christmas Season. How did we accomplish this? Thanks to the generous donations of individuals and families who purchased Nativity scene figurines and those who purchased Christmas cards whose profit went toward their purchase.

Christmas cards are once again ready to order. Check out the entrances of church or the parish office to place your order. Profits will go toward the purchase of the Mary and Joseph figurines that match the set we now have in our parish Nativity scene.

Donations toward the purchase of the figurines can always be made without ordering Christmas cards.

Save the Date

St. Joseph Parish invites you to a “Special Showing” of the movie “**All Saints**” Saturday, November 4 at the Sturgeon Bay Cinema. Watch the bulletin for more information coming soon.

The Parish Connection

St. John Bosco
Catholic School

Volume 6, Issue 4
October 2017

From the Principal

New for this year at St. John Bosco are the ISTE Standards for Students (International Society for Technology in Education). Empowering students to become lifelong learners and providing them with the skills to face future challenges resourcefully and creatively is critical. It's not about using digital tools to support outdated education strategies and models; it's about tapping into technology's potential to amplify human capacity for critical thinking, collaboration, creativity and communication. The ISTE Standards provide a framework for rethinking education, empowering learners and amplifying learning with technology. At St. John Bosco, we are preparing students for a future that we cannot yet imagine. This year, on the report cards, will be benchmarks based on the following standards for all students. We are also beginning our journey in coding with our youngest students in 4K – 3rd in early October.

Empowered Learner

Students leverage technology to take an active role in choosing, achieving and demonstrating competency in their learning goals, informed by the learning sciences.

Digital Citizen

Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.

Knowledge Constructor

Students critically curate a variety of resources using digital tools to construct knowledge, produce

creative artifacts and make meaningful learning experiences for themselves and others.

Innovative Designer

Students use a variety of technologies within a design process to identify and solve problems by creating new, useful or imaginative solutions.

Computational Thinker

Students develop and employ strategies for understanding and solving problems in ways that leverage the power of technological methods to develop and test solutions.

Creative Communicator

Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

Global Collaborator

Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Mrs. Dassler

Grandparents/Grand Friends Day

Our Grandparents and Grand Friends Day was celebrated on October 4, 2017. Grandparents and other older people are very special in children's lives, so we wanted to thank them. They joined us for Mass at 8:20am, had a donut reception, and toured the school with goodbyes at 10:00am.

Creative Spirits – Creative Souls

Our Playground Dedication took

place on Friday, September 8. We had a wonderful turnout with beautiful weather for our special celebration. Mrs. Dassler thanked our many contributors and volunteers who helped with this project. St. John Bosco School

students, led by Mr. Newbern, sang our school song and then Fr. Carl blessed the playground (and students) with holy water. The celebration ended with cotton candy, popcorn, custard, water and lemonade. It truly was a special

afternoon at our school. The video of the entire project can be found on our school's Facebook page.

Blessing of the Animals

Many of us have a special bond with our pets. St. John Bosco School students celebrated the feast of St. Francis of Assisi on October 4 by bringing their pets and stuffed animals to school for a special blessing. We gathered outside prior to the start of our school day. Thanks

of God's creatures!

to Fr. Tony and Fr. Carl for blessing our favorites

Free Money for St. John Bosco

St. John Bosco School collects Box Tops for Education and Econo Foods receipts. These monies help our school, so please continue to save them. With summer Econo Foods receipts, St. John Bosco made approximately \$1450.00. We appreciate your support of the school.

4K Makes Applesauce

Mrs. Kacmarynski's 4K class made applesauce in late September. The students had so much fun and the classroom smelled so good!

Diocesan All School Mass

St. John Bosco School will be hosting the Diocesan All School Mass on Wednesday, October 25, 2017. Mass will take place at Corpus Christi Church beginning at 10:00am. Bishop Ricken will be the president. Student representatives from Catholic schools throughout our diocese will be in attendance. Please put this special event on your calendar and join us!

Technology Update

The future workforce will require knowledge of computer science. To help prepare our students to be 21 century learners and "workers", St. John Bosco is focusing on

the new computer science standards. One of our new areas of focus is on teaching our students to code. Coding is a step by step process that allows you to create instructions that will tell a computer to do something. All smartphone apps and programs that run on computers are created through code. We will be working with the curriculum provided through code.org to introduce coding to our students.

The second-grade students started with an unplugged (no computer devices used) activity to build a structure with the provided materials that would support a book. The

focus of this lesson isn't about the building of the structure. It is about trying a plan and realizing that when a plan fails it is often the beginning of a project, not the end. Experiencing failure is frustrating and challenging, but also exciting when we view it as common steps to creativity and success. This is the beginning of the critical thinking process that students need when they code.

Stay tuned for updates on our journey to code!

Pictures from the First Day of School

The first day of school for St. John Bosco was

Friday, September 1. Usually, students and their parents are huddled around each other visiting with friends, greeting

their new teachers, and taking pictures – not this year. The blacktop parking lot was empty, except for the teachers. Everyone else was ON THE NEW PLAYGROUND! Families finally gathered together for a prayer led by Fr. Bob.

5K Visits Mrs. Spaude's House

On Wednesday, September 27 the kindergartners took a walking field trip to Mrs. Spaude's house to collect and examine seeds. They found

many unique seeds – even ones they could eat! Everyone had a great time and even took several large seeds home to plant.
